GENERAL SAFETY INSTRUCTIONS

Jungle Gym[®] kids, modules and accessories contain special developed safety features. These safety features are designed to protect your children as a first matter of importance. The hardware has no sharp angles or protruding parts and is protected against all kinds of weather influences. The product is made of high quality materials and is EN 71-5 & European Safety Standard for private use, on the condition that the equipment is used according to the instructions given in the manual. Warnings, Only for private use. Made especially for children under three years. Suitable for children from three to ten years. This product is intended for single-family residential user only. Public institutions, schools, kindergartens, nurseries, daycares, sports clubs, camp sites and similar places are not allowed to use this product. Carefully read these assembly instructions before you start with the assembly and save these instructions for future reference.

This instruction manual contains general information for your complete play unit and points to www.junglegym.com and further on to the manufacturer's website for more detailed information.

The play unit is suitable for children aged 3-10 years. Suitable for children under three years. Suitable for children from three to ten years.

Safety instructions for the play unit are on the instruction page.

SAFETY INSTRUCTIONS

• Make sure the play unit is on an unpaved steady surface, such as grass or sand. Do not play your play set over concrete, gravel, asphalt layer or water.

• The ground surface must not be level. Installing your play set on sloping ground is not allowed. If you want to install your play set on sloping ground, it is not allowed to let it lean or slope in one direction. This can lead to serious injuries.

• The play unit must not be set up on a surface extending 1,20 m beyond the play area. Make sure the ground cover in the play zone is level. If the ground cover is uneven, make sure the play area is level.

• Make sure the play unit is not set up in a shaded area, trees, bushes, plants or other obstacles to ensure safe play.

• Remove all tripping hazards such as rocks, stones, roots etc. from the play area.

• The play area must be free of all structures, fences, gates, hedges, trees, bushes, plants or other obstacles to ensure safe play.

• Make sure the play unit is not set up near a swimming pool or other water bodies.

• Make sure the play unit is not set up near a road or railway line.

• Make sure the play unit is not set up near a power line or other electrical equipment.
